prawin.dev

Chennai, IN

SKILLS

Frontend

HTML, CSS, Vanilla JavaScript, Bootstrap, Responsive Design

Backend

Node.js, Express.js, Socket.IO, EJS, Nodemailer, JWT, REST API Development, Asynchronous Programming

Database

MongoDB Atlas

Cloud & Hosting

AWS S3, AWS EC2

Version Control

Git, GitHub

EDUCATION

Dr. M.G.R. Educational and Research Institute

B.Arch Architecture
Chennai, India

PROFESSIONAL SUMMARY

I'm a full-stack web developer with a strong focus on Node.js and backend development, building clean, responsive, and user-friendly web applications. With a background in architecture, I bring a sharp eye for design and detail to every project. I'm passionate about transforming ideas into functional, visually appealing digital experiences using modern web technologies.

PROJECTS

Portfolio & Live Projects:

<https://prawin.dev>

Koku Social Media Application

Developed **Koku**, a full-stack social media app for sharing posts and connecting with friends.

- Implemented core social media features including **user authentication**, **post creation**, and **profile management**.
- Built the backend with **Node.js**, **Express.js**, **MongoDB Atlas**, **Nodemailer**, and **AWS S3** for scalable data handling and email notifications.
- Built a responsive, user-friendly frontend using **HTML**, **CSS**, and **vanilla JavaScript** with minimal **Bootstrap**.

<https://github.com/Prawin-736/koku-social-media-app>

Koku Messenger

Developed **Koku Messenger**, a full-stack real-time chat application.

- Send and receive **instant messages**.
- View **online/offline presence statuses**.
- Manage personal profiles with **image uploads**.
- Built the backend using **Node.js**, **Express**, **Socket.IO**, **MongoDB Atlas**, and **AWS S3** for efficient data handling and secure media storage.
- Built a responsive, user-friendly frontend using **HTML**, **CSS**, and **vanilla JavaScript** with minimal **Bootstrap**.

Super Hero Hunter

Built **Superhero Hunter**, a web app to search and favorite Marvel characters.

- Fetches and displays Marvel characters dynamically based on user search using the **Marvel API**.
- Lets users add or remove characters from a personalized **favorites list**.

<https://github.com/Prawin-736/superhero-hunter>

To-Do List

Built a simple **To-Do List** app to add, mark, and filter tasks.

- Allows users to add tasks, mark them as completed or uncompleted, and filter tasks based on their status.
